A MOTHER'S TREASURES.

She took them out of the basket old,  
Of perfumed wood, and clasp of gold,  
With aching heart, and fingers slow,  
That only a mother's love can know.

A broken toy, a wreath of flowers,  
Gathered in childhood's happy hours.  
A golden star, a scrap of shell,  
Brought from the field where a hero fell.

A clustering curl of sunny hair,  
Cut from a forehead white and fair.  
The fair form lies where fields were won,  
And heroes sleep—their warfare done.

A shawl of lace, a tiny shoe,  
Daintily tied with ribbons blue.  
The little feet lie still and cold,  
Under the green of the churchyard mold.

Each has some tale of joy or pain,  
That brings the dead years back again.  
And all have memories that lie  
Enshrined in hearts too deep to die.

mained damp; and as it dried slowly,  
she saw no harm in aiding the opera-  
tion.

Hayes' City, (Kansas), may be thus  
summarized: 400 whisky dealers sell  
drink to the other 400 inhabitants. Ser-  
vices on Sunday, consist of draw-poker,  
monte ank faro. Amusements free, con-  
sisting of burglaries and cold-blooded  
murders in the streets. Courts are not  
yet organized, but hangings are very  
frequent.

PREPARING FOR WAR.—A large quanti-  
ty of powder and other ammunition was  
shipped from this city by the Honey  
Lake stage for the people of Long Val-  
ley, who are preparing to take the war-  
path against the Indians supposed to  
have been coerced into the murder of

them.—Virginia Enterprise, April 23d.

## LOCAL ITEMS.

**THANKS.**—We are indebted to C. C. Boyle Esq., of Meadow Valley, for favors received at his hands.

**LEG BARKER.**—A miner named Long, living on Wolf Creek, had one of his legs broken by a snow-slide one day last week. We did not learn the particulars of the accident.

**PURCHASED.**—Mrs. McLain has purchased the dwelling house in this town adjoining the Plumas House, and at present occupied by Mr. W. J. Bradford.

**DISOLUTION.**—As will be seen by a notice published elsewhere, the co-partnership formerly existing between McCargor & Parks, of Greenville, has been dissolved.

**RICHMOND HILL.**—Six or eight companies are at work on the Hill, piping. They have a good supply of water and are running day and night.

**ACCIDENT.**—One day last week, Mr. C. Bush, while at work in his claims under Lamb's station, at Carriboo, had one of his legs broken by a cave in the tunnel.

**HOTEL.**—Mrs. Waters gives notice in another column that she has opened the Crescent Hotel, at the Crescent Mills, and is now ready to accommodate the public. Give her a call.

**FOR IDAHO.**—Mr. S. Hughes started from Indian Valley for Idaho a few days since. He goes to settle up his business affairs, and as soon as that is accomplished, will return to Plumas county.

**UNDER SHERIFF.**—Mr. F. B. Whiting has been appointed Under Sheriff by Mr. Yeates, to fill the vacancy occasioned by the resignation of Mr. Bransford, who has accepted the position of General Superintendent of the Crescent Mills and mine.

**FOREIGN MINERS' LICENSES.**—The proceeds of the Sale of Foreign Miners' Licenses after this date go to the counties in which it is collected. In this county 30 per cent goes to the School Fund, 30 per cent to the R. R. Fund and the balance to the General Fund.

**MOVING.**—Mr. Myers, of Nelson, is removing his stock of goods, etc., from the Point to the Flat near the Middle Fork bridge. He will occupy for the present, the building which was intended for a stable. He has a number of men at work upon the house and store, which will be completed in a couple of months.

**PURCHASED.**—Messrs. Lawrence & Linn have purchased the Hotel at Greenville known as McCargor's. Messrs. L. & L. intended to rebuild on the site of the hotel which was recently burned down, but having purchased the above named house, will not do so. They intend to improve and enlarge the house now owned by them and make it a first class house.

**SHOOTING SCRAPE.**—We have learned the particulars of a shooting scrape which occurred at Taylorville a few days since, but out of respect for the parties connected and as the affair grew out of a misunderstanding we give no names. Suffice to say, that one of the worthy citizens of that burg came very near having the top of his head blown off by his internal arrangements disarranged by a disorganizer in the shape of a leaden ball. Fortunately, at the right instant, just before the pistol which was leveled at him exploded, it was turned upward and the ball entered the ceiling of the room, thereby saving his life. Colt's revolvers are dangerous play things.

**CLEANED OUT.**—The Sage Brush states, that a couple of weeks since, the Indians made a raid on Smoke Creek Station and captured eighteen head of stock belonging to W. Y. Kingsbury. They pursued the even track of their way up the valley to Jack Harrington's place and encamped in the vicinity, using Harrington's ranch as a place of refuge and corralling the stock upon the premises. Every thing about Harrington's ranch was destroyed. "Jack" formerly lived on the East Branch, but grew tired of mining and went to the land of Sage Brush for the purpose of accumulating a little property for the tired devil to destroy. Jack will "blast their blood hies" for many months to come.

**A CHARGE AND REFUSE.**—One day last week, a party of "skirmishers," after reconnoitering the works and position of the enemy, made a bold attack upon the Lebanon quartz mill at Genesee, they succeeded in effecting a breach in the walls and held the fortifications for a short time, but like McDowell at Bull Run, their reinforcements did not come up in time, and after a severe hand to hand engagement of short duration, the bold, and for a time victorious volunteers were overpowered and forced to beat a hasty retreat. The officer in command of the besieged fortifications was taken by surprise at the boldness of the attack, and his forces were greatly demoralized for a time but he succeeded in rallying them "once again my boys," and after a terrible but bloodless conflict, recaptured his works. "Eternal vigilance is the price of liberty," consequently, orders have been issued from headquarters to place one but members of the Light Brigade on guard. The defeated forces, like McClellan's soldiers, are being re-organized and thoroughly disciplined and we shall expect to hear that the next campaign will be "the decisive campaign of the war." The last dispatches from the seat of war, read: "All quiet at the Lebanon Mill tonight."

**SOLD.**—The personal property belonging to the Whitney mill, was sold at Sheriff's sale on Monday last, under an execution issued on a judgment in the case of O. D. Peck vs. the Whitney Co.

## STAGE LOST AND SIX HORSES DROWNED.

Mr. Garland, the proprietor of the Oroville and Quincy Stage Line, met with a severe loss on Wednesday last. He had concluded to make three trips per week over the route, and in accordance with such instructions, Mr. Clemens, the driver on this end of the line, left Quincy with the stage (six horses) to go to Buckeye, intending to return on Thursday. There were three passengers on the stage, viz: John Sugars, Chas. Belden and Mr. Dowden. In attempting to cross Spanish Creek at the Point of Rocks, between Quincy and Spanish Ranch, the horses were all drowned and the stage turned over and badly broken. The creek was very high, and when the leaders had reached the middle of the stream, they stopped, the current was so strong that it immediately swung the stage down the stream into a hole, and as the water was so deep that the horses had to swim across the deepest channel they could not pull it out, consequently, the driver was unable to cut them loose from the stage, the force of the water also carried them down the stream and being confined by the harness they were all drowned. The driver and all the passengers succeeded in saving themselves together with the mail and express matter which was on board of the stage at the time. A number of the citizens of Spanish Ranch and Quincy went to the scene of the catastrophe, and succeeded in getting out three sets of harness and pulling out what was left of the stage. Mr. Clemens is a very careful driver and no blame can be attached to him for the accident. No one under the circumstances could have saved the team. Mr. Garland's loss is about twelve hundred dollars. It falls very heavy upon him, but if as we hope they will, our citizens render him such assistance as is necessary, he will immediately replace the stock and continue making regular trips. "Dick" knows no such word as "fail," and although the loss is severe, he will not let it dampen that courage, enterprise and perseverance for which he is noted. The stage will make its regular trips twice a week hereafter until he can replace the horses which are lost.

**A LITTLE FAULT-FINDING.**—The Supervisors receive \$6 per day salary besides mileage. On Monday the first day of the last meeting, they transacted a large amount of business, viz: Adopted an order of business and adjourned. The business of the whole meeting could have been completed in one day, but instead, they remained in session for four days. In making their appointments for road overseers, they happened through a mistake probably, to give out of sixteen, two of the appointments to Democrats. The Board ordered the order requiring Mr. Thompson to pay to the County Treasury \$712 for money expended on the roads to be rescinded. The Supervisors were doubtless convinced that Mr. T. had acted in good faith in expending the money, but if their action in rescinding the order was just and correct, their action in the first instance in making the order was decidedly wrong; they should have inquired into the matter before entering an order upon the records, intimating that one of our most respectable citizens was a defaulter or had illegally expended county money. If there was any doubt about it, they should have most certainly examined all the facts in the case. It may be pleasing sport for the Supervisors to publish men as dishonest and then be compelled to retract, but we cannot see it in that light. If we are not mistaken, the Board allowed certain bills to a considerable amount, which by law were outlawed and which they by law could not pay; the bills may have been, and doubtless were just, but if the parties themselves had failed to ask for their rights at the proper time, the Supervisors had no business to violate the law. The bills to which we refer are upon the Indigent Sick Fund; it was the District Attorney's business to see to it, that no such illegal allowances were made. There is also a law prohibiting the Supervisors from allowing any fees for professional services except to physicians who have graduated from some medical college. Have they not violated that law? The Indigent Sick and Road funds are now so deeply in debt, that the warrants against them do not bring but a small price, and if the Board continue making such illegal allowances and extravagant appropriations, the scrip on these funds in a few months will not be worth 10 cents on the dollar. It is time that a change for the better was made by the Board; the taxes are constantly increasing and the people should demand that the officers should use the strictest economy in conducting the affairs of the County, and further, demand that they should act as sworn officers, instead of acting as the Executive Committee of any political party.

**Letter from Taylorville.**  
Mr. Editor:—An emigrant that came the "plains across," writing to his Polly Ann, back in Pike, described the climate of California as consisting of "nine months winter with three months late in the fall"—in good sooth, he was not far from the truth, when we take into consideration the long and severe winter we have passed through and the lateness of the spring; up to yesterday it was winter, to day summer—what a delightful change—may the warm, genial rays of the sun abide with us for a season, and may we not forget that every cloud has its silver lining.

The waters having subsided, and the land in excellent condition for plowing, the farming community are very busy in getting in their crops, for the lateness of the season give them no time even to discuss the Railroad Bond question, or argue either politics or religion.

Trade in the mercantile line is very dull this spring; those now purchasing are more restricted in their ideas than was formerly the case, as our merchants have been obliged to insist upon making their transactions strictly cash.

I hear it reported that a grand ball will be given on the night of the 4th of July, in the large and spacious Hall of the Taylor House, where all will have room to "tip it on the light fantastic toe" until the "wee sma' hours" of the morning.

The Enterprise Gold and Silver Mining Co. have suspended operations for awhile, owing to a contemplated change in the manner of running the mill. A steam engine is to be put on the ground. The efficient Superintendent, Mr. W. F. Wilmot, is still at San Francisco, but is expected here by the 20th of this month. Several tons of ore has been taken out which is pronounced as being "magnum bonum."

"The noise of the battle is over" at the Lebanon mills, which is still pounding away on good paying quartz. The Green Ledge in Genesee Valley, is being worked again since changing hands, and the rock from the last clean up (it is ground in an arastra) yielded a fraction less than \$15 per ton.

Yours, etc.,  
Taylorville, May 6th, 1868.

## The Quincy Union.

Chief Justice Chase evidently dislikes to see the members of the Court over which he presides, seated at their desks as if they were so many spectators. On the day that the long answer of the President's counsel was read, one of the Senators, evidently bored, opened a newspaper and began to peruse it. The Chief Justice asked the chief Clerk, who sits before him, if reading newspapers during a session was not forbidden by a rule of the Senate, and receiving an affirmative reply, he sent the Sergeant-at-Arms to request the offending Senator to stop reading, which he did at once.

**SERFDOM IN RUSSIA.**—A report of the condition of the Russian serfs, at the beginning of 1868, has just been published. From this it appears there are still 3,690,882 serfs not emancipated. The number of the emancipated serfs is now 6,146,635, including 1,268,140 in Lithuania. Of these only 518,529 have obtained their emancipation papers by voluntary agreements entered into by their masters. The remainder have become proprietors through the intervention of the Government, which has appropriated \$300,000,000 for the compensation of the old landholders.

Prof. Nash says that he once knew of a water pipe being taken up that was laid for a long distance on a dead level, in which there was enough white lead found to paint a small house, inside and out, and that taken internally would kill a small army, and yet the family who used the water for twenty years was perfectly healthy. The poison settled on the bottom of the pipe, and was not forced into the house.

**DESTRUCTIVE INSECT.**—An insect is creating and having among apples, pears and mulberry trees, in the neighborhood of Woodland, Yolo county. The Democrat says the bug is about one-third of an inch in length, brown in color, of a voracious appearance. It bores into wood, cutting off branches large as a man's finger.

A woman in Chili threw her husband over a precipice. When he seized a shrub to save himself, she cut the tendons of his forearm, and down he went to his death. She is in prison for fifteen years, and the monotony of her imprisonment is varied by one hundred lashes administered monthly.

Mrs. H. was exhibiting her first baby to a number of admiring friends with great pride. Approaching little Bobby, a five-year old, she asked: "Now Bobby, isn't this a dear little baby?" Hesitating a moment he turned up his eyes and answered: "Yes, but it's bald-headed!"

A Canadian wedding was recently enlivened by the spectacle of the great-grandmother of the bridegroom dancing a jig vigorously.

Have taken over Two Hundred First Premiums within two seasons, including the Highest Prize at the Grand Trial.

**THE FLORENCE**  
at the Great Union Fair, New York, at which trial the Florence was overwhelmingly defeated.

**Judges Report.**  
For the Wilcox & Gibbs Machine, thirty five distinct claims were made for its superiority. All of which were sustained. Whereas for the Florence machine but ten were presented, two of which were sustained. After a thorough and impartial trial, your Committee have decided to award to the Wilcox & Gibbs Machine the First Premium.

**San Francisco, August, 1867.**  
AGENTS WILCOX & GIBBS SEWING MACHINE:  
I have used the Wilcox & Gibbs Sewing Machine for three years; have also used several other first class Machines, but think the Wilcox & Gibbs far superior to any of them. ## FRENCH MEDICAL OFFICE.

Dr. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University of Lyons, and Physician of the Hospices of the City of Paris.

Dr. PERRAULT has pleasure in informing patients and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery Street, San Francisco.

Dr. PERRAULT's study has been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of intemperance, habits acquired in youth, which usually terminate in impotence and sterility, and permanently reduce all the energy of old age. Where a secret infirmity exists involving the health of a life, and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their source in causes, the germ of which is planted in early life, and the bitter fruit is tasted long afterward; patients laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urinary organs, going to stool or making water, the Urinary fluids are weakened, Loss of Memory, etc., Ideas are clouded, and there is a disinclination to attend to business or even to reading, and the society of friends, etc. The patient will complain of Headache, Vertigo, and that Sight and Hearing are weakened, and all the other symptoms of debility, which in all cases taken under treatment we fulfill our promise. We particularly request those who have tried this doctor and that advertised physician, will turn out and discouraged, to call upon us.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, but to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promise. We particularly request those who have tried this doctor and that advertised physician, will turn out and discouraged, to call upon us.

## PIANO FORTES.

Our Last new addition to our different styles, attracting the admiration of the critics and people here. We mention especially some of the claims on this new Piano. Believing the exterior should be as beautiful to the eye as melody to the ear, we have paid great attention to getting them up in a style that is conceded by all who have seen them to be the handsomest Piano Forte made. They are entirely new style, and are really beautiful. They are heavily carved legs and lyre, with richly moulded, and contains our latest improved action, and is as beautiful to the eye as melody to
